DIVERSITY & INCLUSION

The NCFDC recognize that many under-represented groups face unique economic challenges. Understanding that participation of under-represented groups is an integral part of building strong and inclusive communities, NCFDC endeavours to provide inclusive programming to support equity and inclusion in all of our initiatives. Project evaluation and scoring will include an assessment of how your organization supports equity, diversity and inclusive growth. If your organization does not align with or support the groups set out below, or you do not wish to declare your status, leave the fields blank.

Please indicate if your organization is led or majority led by one or more of the following under-represented groups:

Job Definitions

Full-time equivalent (FTE) is equivalent to one employee working full time or more than one person part-time, such that the total working time is the equivalent of one person working full-time. Generally, full-time positions will involve between 35 and 40 hours in a regular workweek. An FTE calculation is the total hours worked in a week divided by the regular workweek. FTEs do not include positions created as a result of subcontracts to undertake work on the project (e.g. construction, suppliers, etc.). **Permanent job** is a position without a fixed end date.

Temporary job is defined as a temporary or contract position with a fixed end date.

Maintained refers to employment that existed prior to the project, but which would not have continued, or would have been unlikely to continue, if the project had not been funded.

Project Summary:

Only this section (the Project Summary component of the application) is shared with the Collaborative Panel. Therefore, we encourage you to address each element of the evaluation criteria in your summary. No other section of the application form will be shared with the [Collaborative Panel](#).

Projects will be evaluated using the following five equally weighted criteria for a total possible score of 100 as follows:

Element	Description	Points
Future-proofing, Resilience and Business Growth	Assessment of the viability and impact of proposed project outcomes in terms of business growth, resiliency/future-proofing, scale-up/market expansion, increased sales (domestic and/or foreign), supply chain adaptation, market diversification and other activities that will contribute to sustainable economic growth and support identified Critical Sectors.	20
Job Impacts	Consideration of the number of FTE (Full-Time Equivalent) jobs the project will create and/or maintain in Southern Ontario.	20
Going Green, or Digital Technology Adoption	Investing in adoption of advanced technology, with prioritization of: <ul style="list-style-type: none"> • Cleantech, OR; • Digital adoption (such as cybersecurity readiness, productivity enhancement, operational resilience). 	20
Critical Sectors	Within or impacting food production, medical supplies or bio-manufacturing sectors.	20
Diversity and Inclusion	<ul style="list-style-type: none"> • Business owned or majority-led by underrepresented groups, such as: Indigenous peoples, members of racialized communities, women, youth, LGBTQ2IA+, persons with disabilities, newcomers to Canada, and members of official language minority communities, AND/OR; • Businesses with a diverse workforce, active HR/workforce development programs, businesses that are GBA+ certified, signatories to the 50-30 Challenge, and/or have other progressive policy and governance initiatives in place that substantially address diversity and inclusion. 	20

PLEASE NOTE: YOUR SUMMARY MUST INCLUDE THE FOLLOWING:

- Company/organization name, location and sector;
- Details on the core technology, proposed project activity and the major strategic milestone you will achieve as a result of the activity, total project costs and requested funding;
- Details on how the project is supporting the five elements of the Evaluation Criteria (Please list each element and address as applicable):

(1)Future-proofing, Resilience and Business Growth; (2) Job Impacts; (3) Going Green or Digital Technology Adoption; (4) Critical Sectors; (5) Diversity and Inclusion.

THE CANADIAN ENVIRONMENTAL ASSESSMENT ACT 2012 (CEAA) QUESTIONNAIRE

Is the eligible project a "designated project" under the IAA or designated by the Minister of Environment? Refer to the list of designated projects

Is the "project" located on federal lands, and have a physical activity in relation to the physical work?

Notes

1. The type of project activity determines whether the project is a "designated project." The Regulations Designating Physical Activities under the Impact Assessment Act are available here: <http://www.gazette.gc.ca/rp-pr/p2/2019/2019-08-21/html/sor-dors285-eng.html>
2. The Guide to Preparing a Project Description is located here: <https://www.canada.ca/en/impact-assessment-agency/services/policy-guidance/practitioners-guide-impact-assessment-act/guide-preparing-project-description-detailed-project-description.html>
3. Physical activities include the construction, maintenance or repair of a physical work. Federal lands are defined in the

Impact Assessment Act as:

- lands that belong to Her Majesty in right of Canada, or that Her Majesty in right of Canada has the power to dispose of, and all waters on and airspace above those lands, other than lands under the administration and control of the Commissioner of Yukon, the Northwest Territories or Nunavut;
- the following lands and areas:
 - the internal waters of Canada, in any area of the sea not within a province,
 - the territorial sea of Canada, in any area of the sea not within a province,
 - the exclusive economic zone of Canada, and (iv) the continental shelf of Canada; and
- reserves, surrendered lands and any other lands that are set apart for the use and benefit of a band and that are subject to the Indian Act, and all waters on and airspace above those reserves or lands.

Use the following federal lands searchable databases:

ABORIGINAL DUTY TO CONSULT ASSESSMENT

The proposed project can be excluded from the DTC process if all of the activities proposed by the project fall under one of the following categories.

- ❑ The project consists exclusively of activities where there is no physical impact (e.g., attending a conference, marketing development, buying equipment, hiring staff, administrative costs, investments in capital investment funds, conducting feasibility studies).
- ❑ The project includes only minor construction work (i.e., does not include activities such as excavating, clearing trees, paths, building and repairing roads or bridges, or erecting large structures) and there is no prospect of directly or indirectly impacting potential or established aboriginal and/or treaty rights* through land, water, or air.
- ❑ The project activities will be conducted on a site that is developed and used (e.g., an existing industrial park, and urban centre) and there is no possibility of directly or indirectly affecting potential or established aboriginal and/or treaty rights* through land, water, or air.

* "Potential or established aboriginal and/or treaty rights" could include such activities as logging, hunting, fishing, trapping, harvesting, and gathering.

Do all of the proposed project activities fall under one of these categories?
